**PRESS RELEASE**

**Inspections of Healthcare Establishments of Islamabad Capital Territory**

ISLAMABAD: The IHRA has received reports of substandard Treatment Centres for Drug Addiction in the ICT area. A number of these so called treatment centres are fleecing money from helpless relatives of such patients. IHRA is likely to conduct raids at these premises in company with local police in the very near future. And that this would be in keeping with the IHR Act of 2018.
