

PRESS RELEASE

May 9th, 2025

ISLAMABAD HEALTHCARE REGULATORY AUTHORITY

The Islamabad Healthcare Regulatory Authority (IHRA) today had the honor of hosting the Federal Minister for National Health Services, Regulations and Coordination, Syed Mustafa Kamal, at IHRA office. The Minister was warmly received by IHRA's CEO, Dr. Syed Ahmed Raza Kazmi, along with the authority's board members.

During the visit, Dr. Kazmi gave a detailed presentation outlining IHRA's progress so far and its future plans to improve healthcare regulation in the capital territory. The Minister engaged in a candid discussion about the challenges faced by the healthcare sector and offered valuable guidance to help IHRA overcome these hurdles.

Syed Kamal praised the efforts of the IHRA team and urged them to maintain high standards of transparency and accountability. He also stressed the vital role of digital transformation in modernizing healthcare services. In response, IHRA shared that it is making significant headway towards full digitalization of its operations.

The Minister's visit underscored the government's commitment to supporting IHRA's mission of ensuring quality healthcare regulation. The CEO on behalf of authority expressed its gratitude for the Minister's encouragement and continued guidance, which will be crucial as it moves forward in strengthening healthcare oversight for the benefit of the people of Islamabad.

This visit reflects the growing focus on improving health governance through innovation and transparency, a priority echoed by the Ministry of NHR&C and IHRA alike.
